

Experimental Investigation for Minimization of Casting Defects Using Taguchi Method

AP **Edlabadkar**, SS Chaudhari... - Key Engineering ..., 2023 - Trans Tech Publ

In this work, an attempt is made to reduce Molding defects using Taguchi Method. The input parameters used are Runner Lower Diameter, Runner Upper Diameter, Runner height, In ...

Literature Review on Optimization Techniques Used for Minimization of Casting.

AP **Edlabadkar**, SS Chaudhari - Journal of Production & ..., 2023 - search.ebscohost.com

During the past several decades, significant progress has been achieved in establishing the proper values of casting process variables to enhance casting quality utilising a variety of ...

Enhancing the quality of AZ31/10% SiC composite: optimization of ultrasonic squeeze casting parameters for enhanced hardness and structural integrity

AP **Edlabadkar**, V Packkirisamy... - Metallurgical ..., 2025 - metallurgical-research.org

AZ31 alloys are gaining considerable research interest owing to their commendable applications in automobile and aerospace applications because of their high strength-to-weight ...
